SIGNATURE EVENT

Bright Lights Events was the first company to mushroom out the “Kick” event. Kick is a gala event that is organised every year in Oman to celebrate the evolving world of sound and music.

Various venues are scouted and selected, based on their ambiance and mood, where a fully-fledged event is brought to life by amazing music and lights. International and local Omani DJ celebrities have been invited, on various occasions, to perform.

Bright Lights has been well appreciated and applauded for the Kick event wherein it has managed to provide a potential platform to promote local talent.
